Shipping Solutions To & From Greece

Kronos Shipping, Inc.

Exports to Greece

Whether you are moving permanently to Greece, sending gifts to family, or your vacation necessities are too much to handle in one suitcase, Kronos can help you with all your shipping needs before arrival! We can ship any personal/household goods such as furniture, boxes, plastic bins, suitcases, barrels, as well as motor vehicles like cars and motorcycles. The amount of items you are sending will determine if you need a full container or consolidated container.

Full Container Load (FCL) : Your goods are transported in a single 20 foot or 40 foot container

Less than Container Load (LCL) : Your goods alone are not enough to fill a container, so they are consolidated in a 40 foot container

Forward2GR

If you are unable to bring your items to our warehouse, you can get them delivered to us so we can then send them to Greece. Online shoppers can have their purchases delivered directly to us. For the individuals who already have the items in their possession, we can arrange to have them sent to us via UPS or with one of our trucking partners.

Special Offer

Send your personal effects with our 55-59 gallon barrel. It can hold up to 3 suitcases worth of clothes, but can be used to ship any personal and household goods.

Diameter: 22"

Height: 39"

Cost of Barrel	\$20
Ocean Freight Chicago -> Athens	\$100
Documentation Fee	\$10
Total	\$130*

*Additional overseas fees for all export shipments

Imports from Greece

Kronos Shipping has worked with our trusted Greek agent, Palm Overseas Traffic for nearly 20 years. Using their network of agents located throughout Greece, they consolidate shipments with olive oil and personal effects. Kronos Shipping imports the container into the U.S. and files all the import documentation such as custom clearance and FDA. Once your imported items have reached our warehouse, you will be notified that your shipment is ready for pick-up or delivery. Shipments outside of the Chicagoland area can be forwarded using either UPS or interstate trucking, depending on your location and the size of the shipment.
